

COMMERCIAL GRADE PLANTERS

Amazing Planters

About us

EXPERTISE & DURABILITY

Urban Pot has been producing **contemporary custom planters in high-quality aluminum, stainless steel, corten steel** for over 10 years. We also sell high quality resin, fiberglass, and concrete planters.

All of our flower boxes are **commercial grade**, built to give many years of service and **suitable for harsh climates as well as high foot traffic areas**. Typical applications are restaurants, condo developments, hotels, shopping malls, and any space such as patios and verandas that require bespoke solutions.

TRANSFORMING SPACES

COMMERCIAL PLANTERS AND LANDSCAPING PRODUCTS

Custom Planters

Made from Aluminum, Corten Steel, Stainless Steel or even fiberglass, custom planters are perfect for commercial applications, high pedestrian traffic areas as well as private verandas, terraces, and interior spaces where design, durability, and custom dimensions are required.

For your custom indoor or outdoor projects, our design and manufacturing team is available to support you.

CRAFTING YOUR VISION INTO REALITY
YOUR VISION, OUR EXPERTISE

APPLICATION

Suitable for both indoor and outdoor spaces and can have many practical and aesthetic applications.

MATERIALS

- Commercial grade aluminum
- CORTEN steel (weathering steel)
- Stainless steel
- Galvanized steel
- Fiberglass & Concrete (Large quantities only)

STYLES & VARIANTS

Let your imagination run wild, any shape or size you can think of, we can make it. We are happy to work from your specifications or drawings or collaborate with design suggestions.

COLORS & FINISHES

Large number of **colors** and textures available

DESIGN

Depending on your needs, our planters can be manufactured with various options such as Casters, Drainage panel, personalized irrigation, Insulation, Interior coverings, LED lighting,...

CUSTOM PLANTERS

CONCRETE

Indoors or outdoors, concrete planters offer a simple and durable design with different styles, sizes and colors to fit your needs. No matter what your landscaping project demands, we have the products to meet your needs. We only use top quality materials and employ strict quality control measures throughout the manufacturing process to ensure a quality product every time. Our parts are extremely strong, designed, like all our products, to withstand four seasons and even the most extreme climates.

RESIN

Urban Pot planters are made of sturdy, lightweight polyethylene. Designed to be maintenance free, these planters can be left outdoors all year round, even in harsh winter climates. The double-walled design keeps soil cool and protects roots when exposed to hours of intense sunlight, as well as when temperatures drop.

Let your imagination run free thanks to the wide variety of shapes, sizes and colors.

STURDY &
LIGHTWEIGHT

FIBERGLASS

The fiberglass collection consists of light and sturdy minimalist planters. The geometric shapes allow the planters to be mixed and matched as desired to effortlessly fit into most modern conservatory or garden designs. A wonderfully strong and versatile material, fiberglass is maintenance free and lightweight. Completely frost-free and non corrosive, it is superior to terracotta, stone and even some metals and is ideal for indoor and outdoor use. The finishes are so authentic and durable that even their owners have forgotten they are fiberglass.

**STRENGTH, DURABILITY
& RESISTANCE**

Suspensions & Flowersboxes

Hanging planters and balcony boxes are aerial flowering solutions with many advantages. Particularly adapted to it possible to flower the public space without encroaching on it. If the hanging planter is particularly suitable urban furniture for flowering, it is for different reasons. First of all, it responds to space constraints, when one wishes to embellish and flourish, without having space. Secondly, it protects your flowers against possible acts of vandalism such as theft or deterioration. The window boxes and hanging planters are an end point, the culmination of greening and the culmination of flowering.

"With the custom made planters from Urban Pot we were able to make the vision of our clients become reality. We are impressed with the material choice, design, and price and will definitely use Urban Pot for upcoming projects and we highly recommend the product and service."

Andres Principal, Miami, FL

"We purchased Urban Pot planters for the patio of our condo project. The planters are strong and durable, and really add to the look of the landscaping. The materials used are of high quality and have successfully withstood the weather. Also, the customer service has been exceptional, responding quickly to all my questions and concerns."

Julie, Construction Manager, Montréal, QC
